Comments/Issues:

- 1) Need better law enforcement coordination on poachers
- 2) Marijuana eradication needs to be addressed.
- 3) Deer herds seem to be stressed/eradicated. Do a survey to assess total/local deer herd size.
- 4) Clear cutting is degrading animal habitat throughout the state. How is this being addressed as clearcutting is out of control.
- 5) Need to increase setback of tree cutting from streams and watercourses to improve habitat for animals and plants.
- 6) If clearcutting is to continue, private timber companies should have to set aside land permanently as wildlife preserves.
- 7) Utility Corridors need to have wildlife crossings

Please use additional sheets if necessary.
