Comments/Issues:

riparian habitats - targets/goals/actions are excellent
in particular:

- x collating existing data + disseminating it to land managers: data → action*
- x enforcing existing laws to protect riparian areas*
- x streamlining permits for ^{riparian} restoration projects*
- x tax for problem invasive plants*

these actionable targets would benefit conservation region-wide
ALSO - 'improve engagement in decision-making' for
Bays Lagoons Estuaries - strongly agree with this target/goal

Please use additional sheets if necessary.
