REPORT OF THE 2005 GAME TAKE HUNTER SURVEY

Hunter game take questionnaires were mailed to 36,000 randomly selected hunting licenses on February 3, 2006. These individuals represent approximately 12 percent of the total number of licenses sold (298,294) in 2005. A follow-up mailing consisting of the entire hunter game take questionnaire was sent to non-respondents on April 5, 2006. There were 68 questionnaires returned undeliverable, resulting in a total of 35,932 possible respondents. A total of 9233 persons returned the questionnaire, representing approximately 3.0 percent of the total licenses sold. It was determined through survey data analysis that in 2005 there was a total hunting effort of approximately 694,140 hunters who spent an estimated 5,184,473 days in the field.

For the past several years, follow up mailings to non-respondents have significantly increased response to the questionnaires. In addition, a prize drawing was offered again this year in an effort to further increase questionnaire response. These increases in response rates reduce non-response bias, the phenomenon that successful hunters are more inclined to respond to the questionnaire than unsuccessful hunters or those that purchased a license but did not hunt. Non-response bias is one of the principle causes of inflated bag and hunter-use figures in surveys of this type. Statistical analysis of survey data indicated high validity for species pursued by large numbers of hunters.

This survey has been a cooperative effort between the Wildlife Branch and the License and Revenue Branch. For more information concerning this survey please contact the Wildlife Branch biologists at (916) 445-3706.

* 1991 and prior hunter surveys did not separate wild pheasant hunters from LGBC hunters. 1995-2005 hunter numbers exclusively represent wild pheasant hunters.

** 1989-1999 hunter surveys did not separate wild chukar hunters from LGBC hunters. 2000-2005 data are a combination of both hunter classifications.

*** 1992-2005 sage grouse hunter data are extrapolated from hunter permits.
