

# Report of the 2008 Game Take Hunter Survey

**California Department of Fish and Game  
Wildlife and Fisheries Division  
Wildlife Branch  
1812 Ninth Street  
Sacramento, CA 95811**

**REPORT OF THE 2008 GAME TAKE HUNTER SURVEY**

Hunter game take questionnaires were mailed to 40,000 randomly selected hunting licensees on June 9, 2009. These individuals represent approximately 13.6 percent of the total number of licenses sold (293,263) in 2008. A follow-up mailing consisting of the entire hunter game take questionnaire was sent to nonrespondents on October 26, 2009. There were approximately 359 questionnaires returned undeliverable, resulting in a total of 39,641 possible respondents. A total of 11,105 persons returned the questionnaire, representing approximately 4.0 percent of the total number of licenses sold. It was determined through survey data analysis that in 2008 there was a total hunting effort of approximately 187,670 hunters who spent an estimated 4,618,024 days in the field.

For the past several years, follow-up mailings to nonrespondents have significantly increased response to the questionnaires. In addition, a prize drawing previously offered in an effort to further increase questionnaire response was discontinued. These increases in response rates reduce nonresponse bias, the phenomenon of more successful individuals (e.g., hunters) being more inclined to return a questionnaire than unsuccessful or nonparticipating individuals. Nonresponse bias is one of the principle causes of inflated bag and hunter-use figures in surveys of this type. Statistical analysis of survey data indicated high validity for species pursued by large number of hunters.

This survey has been a cooperative effort between the Wildlife Branch and License and Revenue Branch. For more information concerning this survey please contact Environmental Scientist Jesus R. Garcia (916-445-3709).

## **REPORT COOPERATORS**

### **REPORT COOPERATORS**

Data analysis and report finalization by Jesse Garcia, Environmental Scientist - Wildlife Branch with support provided by:

- Tony Straw, License and Revenue Branch, coordinated the selection, data entry, and sorting for the initial mailing recipients.
- Kelly Barnes, Wildlife Branch, coordinated the contract for printing and mailing of all surveys.
- Wildlife Branch Scientific Aide Melanie Schultz, data entry, analysis, and report preparation.
- Tom Blankinship, Senior Environmental Scientist - Wildlife Branch, provided overall guidance and comments on report drafts.

Due to some hunters being successful or unsuccessful at hunting more than one species, and hunting in more than one county per species, the represented ratio is skewed in favor of successful hunting more than might otherwise be shown if individuals were not excessively represented.

**TABLE 8: BAG, HUNTER NUMBERS, AND DAYS HUNTED BY COUNTY AND SPECIES, 2008**
