

MWMA 2014 Bird Watching Schedule

Merced's Wildlife Management Area is located five miles south of the city of Merced and offers 300 acres of wildlife area. Tucked between sloughs and agricultural fields, the seasonal wetlands and year-round pond provide cover and forage for upland game, waterfowl, and migratory bird species. The property is also home to a great blue heron and great white egret rookery.

General information

- 2 permits will be issued per period.
- Successful applicants will be permitted to bring up to 4 people with them.
- Successful applicants will be mailed an information package.
- Each opportunity is by permit only.
