DFG Permit-Holders for Taking the Mohave Ground Squirrel

March 21, 2010

The following persons are named on Memorandums of Understanding (MOU) or Letter Permits issued by the Department of Fish and Game (DFG) to take the Mohave Ground Squirrel (*Xerospermophilus* [= *Spermophilus*] *mohavensis*, MGS). Persons are designated as Principal Investigator, Field Investigator, or Field Assistant per the conditions of the individual MOUs and Letter Permits. Generally, Principal Investigators (PIs) have overall responsibility for ensuring the terms and conditions of the MOU/Letter Permit are met during all aspects of work with MGS, including reporting the results of field work. PIs and Field Investigators (FIs) may work independently (without supervision of other permitted individuals). Field Assistants (FAs) must work under the direct supervision of a PI or FI during all aspects of field work with MGS. Any PI or FI working in an unsupervised capacity must possess a copy of the MOU/Letter Permit while in the field. All persons working with MGS under an MOU/Letter Permit must also possess a valid Scientific Collecting Permit issued by DFG.
