Mr. Vaughn Burlingham
Box 127-C
Dixon, California

Dear Mr. Burlingham:

I am extremely sorry that I could not make the trip to Lake Tahoe with you for the latter part of this week because of other commitments.

I am asking Mr. Don Kelley of our staff to contact you by telephone at his earliest convenience to arrange for a review of your contemplated plans for development on the lower reaches of Trout Creek. You should hear from him in the near future.

Very truly yours,

J. C. Fraser
Fisheries Management Supervisor
Region II

JCF/bw

Don:

Burlingham's phone No. is Osborn 8-5876, Dixon, Calif. He represents a group of investors who plan to develop a very elaborate subdivision and inland boat harbor between Highway 50 and Lake Tahoe on Trout Creek. They plan to dredge out the lower reaches of Trout Creek, both parallel and vertical to the stream between, to form a main deep water channel and lateral channels that will lead to individual homes in the high price range. I suggest you discuss this with me before contacting Burlingham.

*I called Burlingham.
Will stop in & see us when
plans are crystallized.
