Dear Mr. Burlingham:

Following our trip to Lake Tahoe last year I have been wondering how your development project on the lower section of the Upper Truckee River is progressing. At that time you were about to take up your option on the property, but I have not heard whether or not you proceeded in that action.

If you could spare the time, I would appreciate a short note from you bringing us up-to-date on your plans and their present status.

Yours very truly,

Dear Mr. Fraser:

Closed the sale December 28,  
1956 finally.

Due to large starting costs our plans  
and rate of development are still  
most uncertain. Probably will be selling  
some lots on the high ground.

When I have something more  
definite I will get in touch with you  
again.

Sincerely,

Vaughn Burlingham
