REPORTED VIOLATIONS ON THE UPPER TRUCKEE RIVER, EL DORADO COUNTY

Mr. Walter Broder who lives at Folsom during the winter and has a ranch on the Upper Truckee River north of the Forest Service headquarters, reported to Ernest Murphey that each year a week before the opening of the fishing season a group of people come in and take large numbers of fish.

Mr. Broder says the same people do this each year and requests that the area be checked by a warden.
