Sacramento, Calif.

Dear Don,

Thanks for your letter which keeps me up to date on Upper Truckee. I had been wondering about the progress since our last contact.

The El Dorado Soil Conservation District Directors will probably meet at Government Center at 8:00 PM on October 10, at which time the subject can be discussed with all of the board members present. Maybe you would want to plan on being present for the meeting.

I've spoken to Roy Marks, one of the directors, and he seems receptive to District expansion for the purpose of assisting with the problem.

Very truly yours,

Dear Don,

Thanks for your letter of Dec 13. I have been thinking about the project on the Upper Truckee and missed seeing Curly Potter when he dropped by the office.

The Directors of the El Dorado Soil Conservation District meet on the 2nd Monday night of each month. That is the 9th of January for their next meeting. If you plan to attend with those you mentioned it would probably be advisable to inform Lee Veerkamp, Board President, so that time would be scheduled on their agenda. Veerkamp's address is Rt 2, Box 189, Placerville.

Very truly yours,
