Mr. Ray Chism
P.O. Box 137
Tahoe Valley, Calif.

Dear Ray:

As suggested during the course of our March 17th Board of Directors' meeting, we would like to arrange an informal conference of interested parties on the Upper Truckee Erosion Control Project. The group would include representation from the County Board of Supervisors, Planning Department, Planning Commission, County Engineer and California Fish and Game Department.

We would like to suggest ^{Tues.} Wednesday, April 11 for this conference to be held in our office, but invite your suggestions as to another date or place for meeting if more satisfactory to your schedule. *noted

We are pleased that you were able to attend our Board session, and will appreciate the opportunity of working with you on this program.

Sincerely,

Deane Seeger

Al Tahoe, California

Dear Deane:

This is in reply to your letter of March 21st regarding conservation of the Upper Truckee River.

I took up the matter with the Planning Commission; the Commission accepted your invitation and suggested that the meeting be held some time next month instead of the April 11th suggested date, and that a field trip along the Upper Truckee River be conducted on the same day by the California Fish and Game officials, in order for the members of the Commission to receive first hand knowledge of the problems.

Sincerely yours,

pb
