Pete Bontadelli  
Director  
Department of Fish & Game  
1416 9th Street  
Sacramento, CA 95814

Dear Mr. Bontadelli:

I am writing on behalf of my constituent, Jack Tobiason, who has expressed concerns regarding fish planting in the Crystal Basin area.

In recent years, Mr. Tobiason has observed a considerable decline in the number of fish he has caught at the Union Valley Reservoir. He believes that this is due in part to a decreased amount of fish being planted into the reservoir.

Because you are in a position to satisfy these queries, I would like to request that you reply to Mr. Tobiason's interests. I appreciate your cooperation and I look forward to hearing from you.

If you have any questions or comments, please feel free to call my assistant, Mike Cepeda, at (916) 676-5953.

Sincerely,

A handwritten signature in cursive script that reads "David Knowles".

OCT 09 1991

The Honorable David Knowles  
Member of the Assembly  
State Capitol, Room 6017  
Sacramento, California 95814

Dear Mr. Knowles:

Please find attached a copy of our response to Mr. Jack Tobiason regarding fish planting in the Crystal Basin area.

We are all hoping for a wet winter which will provide tremendous benefits to fish and wildlife. In addition, our catchable trout program in Crystal Basin would be back to normal levels and anglers like Mr. Tobiason should go home with nice limits of trout.

If you have any additional questions, Mr. Jim Messersmith, Regional Manager, Region 2, 1701 Nimbus Road, Rancho Cordova, California 95670, telephone (916) 355-0922, would be pleased to assist you.

Sincerely,

Original Signed By  
Howard A. Sarasohn for

Pete Bontadelli  
Director
