BARCLAYS OFFICIAL CALIFORNIA CODE OF REGULATIONS
14 CA ADC § 149

14 CCR § 149

§ 149. Commercial Taking of Market Squid.

Requirements of this Section apply both to vessels taking squid and to vessels attracting squid with lights for the purpose of commercial take. Incidental commercial take of market squid that meets the criteria specified in subsection (f) below, and commercial take of market squid for live bait as described in subsection (m) below are not subject to the requirements of this Section, unless expressly specified.

(a) Permit Required. No person shall take, land, or attract squid by light for commercial purposes, except as provided in subsections (f) and (m) below; unless the owner of that vessel has a valid market squid permit issued pursuant to Section 149.1 or Section 149.3 for use on that vessel that has not been suspended or revoked.

(b) Seasonal Catch Limitation.

(1) For the period from April 1 through March 31 of the following year, a total of not more than 118,000 short tons of market squid may be taken statewide for commercial purposes.

(2) Closure Process

(A) The department shall estimate, from the current trend in landings, when the Seasonal Catch Limit will be reached, and will publicly announce the effective date of closure of the directed commercial fishery on VHF/channel 16 between the hours of 16:00 p.m. and 12:00 a.m. (midnight).

(B) It shall be the responsibility of all operators of permitted market squid vessels to monitor VHF/channel 16 to determine when the Seasonal Catch Limit is expected to be reached and the fishery closed. Any announcement issued or made by the department on VHF/channel 16 shall constitute official notice.

(c) Time Closures. North of a westerly extension of the United States - Republic of Mexico boundary line:

(1) Fishing Days: Market squid may not be taken for commercial purposes between 1200 hours (noon) on Friday and 1200 hours (noon) on Sunday of each week.

(2) Seasonal Closure: When the Seasonal Catch Limit defined in subsection (b) has been reached and the commercial fishery is closed, squid may be taken for commercial purposes only incidentally to the take of other target species and subject to the limitations defined in subsection 149(f) or for live bait as defined in subsection 149(m) through March 31.

(d) Closed Areas for Seabirds. Market squid may not be taken for commercial purposes utilizing attracting lights in all waters of the Gulf of the Farallones National Marine Sanctuary. Boundaries of the Sanctuary are defined as those in effect on August 27, 2004, pursuant to Title 15, Code of Federal Regulations (CFR), Part 922. Subpart H. This regulation also applies to vessels pursuing squid for live bait purposes.

(e) Records. Pursuant to Section 150 of these regulations, any operator of a commercial market squid vessel, or person who possesses a valid Market Squid Vessel Permit, Market Squid Brail Permit, or Market Squid Light Boat Permit shall complete and submit an accurate record of his/her squid fishing, lighting, or brailing activities on a form (Market Squid Vessel Logbook - DFG 149a (9-01), or Market Squid Light/Brail Boat Logbook - DFG 149b (10-05), which are located in Appendix A of Subdivision 1 of Division 1 of Title 14, CCR) provided by the department, as appropriate to the type of fishing activity. Logbook records shall be transmitted to the department on or before the 18th day of each month following the month that fishing activity occurred.

(f) Use of Lights to Attract Squid. It is unlawful to attract squid by light except as authorized under permits described in subsection 149.1(b) or Section 149.3. This regulation does not apply to seine vessels for squid or to vessels pursuing squid for live bait purposes only.

(g) Maximum Wattage. Each vessel fishing for squid or squid shall utilize a total of no more than 30,000 watts of lights to attract squid at any time.

(h) Light Shields. Each vessel fishing for squid or lighting for squid will reduce the light scatter of its fishing operations by shielding the entire filament of each light used to attract squid and orienting the illumination directly downward, or providing for the illumination to be completely below the surface of the water. The lower edges of the shields shall be parallel to the deck of the vessel.

(i) Forfeiture. Squid landed or possessed in violation of this Section or any other provision of the Fish and Game Code or Commission regulations shall be forfeited to the department. The squid shall be sold or disposed of in a manner to be determined by the department. The proceeds from all sales shall be paid into the Fish and Game Preservation Fund.

(j) Citations for violations of this Section may be issued to the vessel operator, crew members, and/or the holder of a market squid permit issued pursuant to Section 149.1 or 149.3, Title 14, CCR.

(k) Exemption from Tidal Invertebrate Permit. Operators and crew members of a commercial market squid vessel or light boat operating under the provisions of a commercial market squid permit are not required to possess a Tidal Invertebrate Permit, but are subject to the provisions of Section 123.

(l) Incidental Take Allowance. Pursuant to this subsection, market squid may be taken for commercial purposes incidentally when engaged in fishing activities for other target species. Other requirements of this Section do not apply to incidental take. Incidentally taken squid shall meet all of the following criteria:

(1) The volume of squid landed or possessed on a vessel shall not exceed 2 tons per trip.

(2) Market squid taken incidentally to other fisheries shall not exceed 10 percent of the total volume by weight of all fish landed or possessed on a vessel.

(m) Exemption for Live Bait. Squid taken for live bait purposes shall only be possessed for use as live bait or sold as live bait. Other requirements of this Section do not apply to take of live squid for bait, unless expressly specified.

(b) Classification of Permits and Permit Authorization.

(1) A Market Squid Vessel Permit authorizes the use of round haul gear, including purse seine, drum seine, and lampara nets for commercial harvest. Use of brail gear, including dip and scoop nets, is also authorized. Lights may also be used as specified in regulation to aggregate squid for purposes of commercial harvest. No other gear is authorized under this permit to take or assist in the taking of market squid for commercial purposes. Market Squid Vessel Permits are designated as either transferable or non-transferable as described in subsection (d) below.

(2) A Market Squid Brail Permit authorizes the use of brail gear including dip and scoop nets to take market squid for commercial purposes. Market Squid Brail Permits are designated as either transferable or non-transferable as described in subsection (d) below.

(3) A Market Squid Light Boat Permit authorizes only the use of lights as specified in regulation to aggregate squid for purposes of commercial harvest. No other gear is authorized under this permit to take or assist in the taking of market squid for commercial purposes. Market Squid Light Boat Permits are designated as either transferable or non-transferable as described in subsection (d) below.

(k) Dissolution of Partnership or Corporation. If a transferable Market Squid Vessel Permit, Market Squid Brail Permit, or Market Squid Light Boat Permit is issued for a vessel that is owned by a bona fide partnership or corporation which becomes dissolved, the partnership or corporation shall notify the department of the name of the partner or shareholder who is the successor permitholder and the department shall rescind the permit to that partner or shareholder. Change of vessel ownership provisions defined in subsection (j) and transfer fees in subsection (j)(e) apply.

(l) Change of Vessel Ownership.

(1) If a transferable Market Squid Vessel Permit, Market Squid Brail Permit, or Market Squid Light Boat Permit is issued for a vessel that is owned by an individual or by a bona fide partnership or corporation, and the individual, bona fide partnership, or corporation transfers the title of ownership of the vessel to another entity, the original entity to which the permit is issued must notify the department of the change in ownership, and submit a non-refundable transfer fee as specified in Section 705.

(2) Upon payment of fees, and surrender to the department of the original permit or permits, the department shall issue the applicable permit to the new owner of the vessel that is valid for the remainder of the fishing season. Gross tonnage endorsement provisions defined in subsection (m) below shall apply.

(m) Capacity Goals.

(1) The capacity goal for transferable and non-transferable Market Squid Vessel Permits is 55.

(2) The capacity goal for transferable and non-transferable Market Squid Brail Permits is 18.

(3) The capacity goal for transferable and non-transferable Market Squid Light Boat Permits is 34.

(4) Should the number of Market Squid Vessel Permits, Market Squid Brail Permits, or Market Squid Light Boat Permits issued by the department fall below the capacity goal for that permit class, the commission may prescribe criteria for issuance of additional permits of that class, which may include but is not limited to previous issuance of market squid vessel, brail or light boat permits, market squid catch or market squid logbook histories.

(n) Gross Tonnage Endorsement. Each Market Squid Vessel Permit or Market Squid Brail Permit shall be endorsed with the gross tonnage at the time of initial issuance. Any vessel owner transferring a Market Squid Vessel Permit or Market Squid Brail Permit shall also provide gross tonnage information for the replacement vessel as described below.
(1) The gross tonnage shall be determined as follows:

(A) If the owner of the vessel holds a Federal Coastal Pelagic Species Permit issued by the National Marine Fisheries Service for that vessel, the owner of the vessel shall submit a copy of the vessel owner's current valid Federal Coastal Pelagic Species Permit with the vessel's endorsed gross tonnage.

(B) If the owner of the vessel does not hold a Federal Coastal Pelagic Species Permit for the vessel, the gross tonnage will be determined by multiplying the length (L), breadth (B), and depth (D) of the vessel by 0.0067. Records of length, breadth, and depth used for determining gross tonnage will be those recorded on the vessel's United States Coast Guard documentation paper.

(2) The gross tonnage endorsement will remain in effect for the lifetime of each permit, regardless of the gross tonnage of a vessel to which it was transferred.

(3) In cases where a permit is transferred to a vessel with a smaller gross tonnage, the original gross tonnage endorsement will remain, and excess gross tonnage cannot be split out from the original permit endorsement for any purpose.

(4) In cases where two or more permits are transferred to a replacement vessel pursuant to guidelines in subsection (c), the replacement vessel shall be issued a transferable permit which reflects a gross tonnage endorsement which is recorded as either the sum of the gross tonnage endorsements from the original vessels, or the gross tonnage of the replacement vessel, whichever of the two values is less.

(o) Transfer of Permits to Replacement Vessels:

(1) Conditions for permit transferability as defined in this subsection shall provide the mechanism for achieving the capacity goals defined in subsection (m) of this Section over time.

(2) Definitions of Comparable Capacity.

(A) For purposes of permit transferability described in this subsection, two vessels are of comparable capacity if the gross tonnage, as defined in subsection (n) of this Section, of the replacement vessel is not in excess of ten percent greater than the gross tonnage of the originally permitted vessel [the replacement vessel's gross tonnage must be less than (the gross tonnage of the original vessel) plus (0.1 multiplied by the gross tonnage of the original vessel)].

(B) A replacement vessel shall be considered of comparable capacity in cases of permit transfers where the gross tonnage of the original vessel exceeds the gross tonnage of the replacement vessel by any amount. Gross tonnage endorsement provisions for the replacement vessel defined in subsection (n) shall apply.

(c) After August 31, 2005 the following conditions for transferability of permits to replacement vessels will be in effect for permits in each class as described:

(A) The owner of a vessel with a valid Transferable Market Squid Vessel Permit may transfer the permit to another person who is the owner of a replacement commercial fishing vessel of comparable capacity as defined in this subsection.

(B) If transfer is sought of a Transferable Market Squid Vessel Permit for a replacement commercial fishing vessel which is not of comparable capacity as defined in this subsection, one additional valid Transferable Market Squid Vessel Permit shall be transferred and surrendered to the department at the time of the transfer. Market Squid Vessel Permit transfers are not authorized in cases where the gross tonnage of the replacement vessel is not of comparable capacity to the sum of the gross tonnages of the two original vessels as defined above.

(C) A Transferable Market Squid Brail Permit issued to an individual, partnership, or corporation may be transferred to another entity who is the owner of a replacement commercial fishing vessel of comparable capacity as defined in this subsection.

(D) A Transferable Market Squid Light Boat Permit issued to an individual, partnership, or corporation may be transferred to another entity who is the owner of a replacement commercial fishing vessel.

(E) In the event of death of the holder of a Transferable Market Squid Vessel Permit, Transferable Market Squid Brail Permit, or a Transferable Market Squid Light Boat Permit, the estate must apply for transfer of the permit to another entity within one year of the permitholder's death.

(F) A Non-Transferable Market Squid Vessel Permit or a Non-Transferable Market Squid Brail Permit issued to an individual may not be transferred to another entity, but in the event the permitted vessel is lost, stolen, or destroyed, or has suffered a major mechanical breakdown, the permit may be placed on a replacement vessel of comparable capacity as defined in subsection (m). A Non-Transferable Market Squid Light Boat Permit issued to an individual may not be transferred to another entity, but if the vessel is lost, stolen, or destroyed, or has suffered a major mechanical breakdown, the permit may be placed on a replacement vessel. A notarized, written request for transfer must be submitted, along with proof that the permitted vessel is lost, stolen, or destroyed, in the form of a copy of the report filed with the United States Coast Guard or any other law enforcement agency or fire department investigating the loss. In the case of mechanical breakdown, the request shall include an estimate of the costs to repair the vessel from a marine surveyor or boat repair yard. The department shall not issue a permit for a replacement vessel pursuant to this subsection if the permitted vessel was reported lost, stolen, destroyed, or damaged for fraudulent purposes.

(4) The applicant for transfer must be the owner of a replacement commercial fishing vessel that has been registered with the department pursuant to Fish and Game Code Section 7881 at the time of application.

(5) A written request for transfer of a market squid permit of any class shall be submitted to the department by the owner of the replacement vessel in the form of a notarized letter accompanied by a nonrefundable transfer fee and shall include a copy of the permit or permits which are being considered for transfer, current proof of vessel ownership, and gross tonnage information as described in subsection (n), if applicable.

(6) Any market squid permit holder intending to transfer a permit shall submit a notarized letter to the department setting forth the conditions of the sale, and shall specify that the terms of the transfer as documented by the replacement vessel owner are valid and true.

(7) Upon determining that the applicant is qualified to transfer the permit to a replacement vessel, payment of all fees, and surrender to the department of the original permit or permits, the department shall issue the applicable permit to the owner of the replacement vessel that is valid for the remainder of the fishing season. Gross tonnage endorsement provisions defined in subsection (n) above shall apply.

(8) At the time the permit transfer is complete, vessels previously authorized to fish under conditions of a surrendered permit shall not take or attract squid for commercial purposes unless otherwise authorized in regulation or statute.

(p) Transfer Appeals. Any applicant who is denied transfer of a Market Squid Vessel Permit, Market Squid Brail Permit, or a Market Squid Light Boat Permit may appeal the denial to the department in writing describing the basis for the appeal. The appeal shall be received or, if mailed, postmarked within 60 days of the date of the department's denial. The appeal shall be reviewed and decided by the department. The decision of the department may be appealed in writing to the commission within 60 days of the date of the department's written decision.

(q) Market Squid Brail Permit Upgrade. Purchase of a Transferable Market Squid Brail Permit by a permittee who holds a Transferable Market Squid Light Boat Permit may occur with surrender of a Transferable Market Squid Light Boat Permit. Non-Transferable Light Boat Permits are not eligible for upgrade.
(1) An application for upgrade to a Market Squid Brall Permit shall be submitted to the department by a Transferable Market Squid Light Boat permittee in the form of a notarized letter, and shall include a copy of the permit which is being sought for surrender, current proof of vessel ownership, and gross tonnage information as described in subsection (n).

(2) Upon determining that the applicant is qualified to upgrade the permit, payment of all permit and upgrade fees, and surrender to the department of the original permit, the department shall issue the replacement permit that is valid for the remainder of the fishing season. Gross tonnage endorsement provisions defined in subsection (n) above shall apply.

(i) Market Squid Brall Permit Upgrades. Any applicant who is denied upgrade of a Transferable Market Squid Light Boat Permit to a Transferable Market Squid Brall Permit may appeal the denial to the department in writing describing the basis for the appeal. The appeal shall be received or, if mailed, postmarked within 60 days of the date of the department’s denial. The appeal shall be reviewed and decided by the department. The decision of the department may be appealed in writing to the commission within 60 days of the date of the department’s written decision.
