

Sleepy Creek Ranch - SHARE Story

“I drew through the SHARE Program, the first day of dove hunting season at Sleepy Creek Ranch. We stayed at the bed & breakfast located on the ranch. Upon arrival, the owner Bonnie fixed a fine lunch and showed us to our room that was fantastic. Her son helped prepare a scrumptious barbeque dinner, which was good as any restaurant. We had plenty of great food and in the morning our breakfast was just as filling and delicious. My hunting buddy John and I shot two full limits of dove opening morning, and we explored the ranch the remainder of the day. Any hunter lucky enough to draw a hunt here will experience the hospitality, great meals, and a rewarding hunt.”
