How to Write a Good Proposal

Fisheries Restoration Grant Program

The California Department of Fish and Wildlife will be hosting four workshops to assist applicants to the Fisheries Restoration Grants Program (FRGP) to write better proposals and avoid common mistakes. The workshop will cover the importance of working with a local FRGP biologist, the proposal application package, tools at applicants’ disposal, common errors, and how to fix common errors.

A 2015 proposal solicitation specific workshop will still be held in February 2015.
