November 12, 2014

Pursuant to F&G Code Section 3004.5, the listed projectiles or ammunition are certified as containing 1% or less of lead and may be used for the take of various wildlife species in California. It is the responsibility of the hunter to verify that the individual projectile or ammunition is compliant with the method of take regulations for the individual species or species group.

Certified Non-Lead Cartridges

Photo	Cartridge Designation	Caliber (s)	Grain (s)	% Lead Content by weight	Unique Identifying Characteristics
