Mr. Robert D. Montgomery  
Regional Manager, Region II  
Department of Fish and Game  
1215 - 16th Street  
Sacramento, California

Dear Bob:

I have corresponded with Jack Fraser on this date relative to the planting of at least 1000 catchable trout and an adequate supply of fingerlings in the small reservoir being built by the Georgetown Divide Public Utility District above Georgetown. This area has been leased to the County for recreation and picnic site purposes, and I indicated to Jack that this might be a very timely gesture on the part of your Department in showing some recognition to the Georgetown Divide.

I would greatly appreciate your cooperation in this problem. I have discussed it briefly with Bernie Faist and am quite certain that he is in full accord with my thinking.

Sincerely yours,

*Eugene A. Chappie*
