

PLANTED WITH EB IN 1948

*Each plant. Directly into lake.*

*(Mt. R 1949 - 14,000 EB)*

*1951 - Increase to 15,000 RT + 15,000 EB if fish available)*

Important 1953 - This planting is to be done very carefully and be sure that either Mr. Bacon or Mr. Brollier of the Wrights Lake Home Owners Ass'n. is present to see the planting. The action of the planted fish is to be watched by them for several days.

1953 - Wrights Lake planted by Evins, with help of Mr. Brollier and several other members of the Wrights Lake Home Owners Association on 9-6-53. Planted where and as they wanted. - Evins.

1954 - Plant 2 or 3 times a season, watch out for warm temperatures in late summer. AFP
