PLACERVILLE

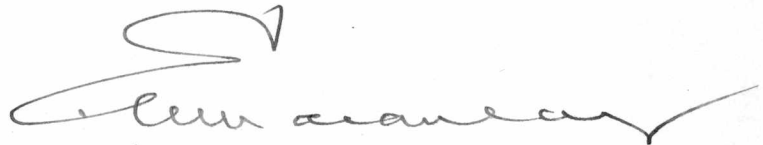

Dear Jack:

I am enclosing herewith a set of pictures for the crew that I got at Heather Lake. The spots in the picture of the explosion are pieces of debris and not blemishes on the film. Please give a set to each of the members of the crew and keep one for yourself.

The closeup of the dam is the one on Suzy.

I certainly wish to compliment you on the selection of Mr. Frank Merrill. I never saw a crew that worked more harmoniously together, and the youngster rowing the rubber boat was whistling while he worked at navigating the 1700-pound cargo down the lake.

With kindest regards,

E. L. MACAULAY
