Mr. Robert Montgomery, Regional Manager
California Department of Fish and Game
1001 Jedsmith Drive
Sacramento 19, California

Dear Bob:

Yesterday the slash burning, being done at Lower Letts by Colusa County's subcontractor, escaped and burned about one acre.

As a result, we required him to put out all the fires. The weather is warm and windy and the Forest is very dry. The burning of the heavy piles creates considerable heat and spotting of fire. It may or may not be possible to resume burning later this month.

Sincerely yours,

JOSEPH B. ELY
Fire Control Officer
