Disney to call me on 10/11

Mr. Robert Montgomery, Regional Manager  
California Department of Fish & Game  
1001 Jedsmith Drive  
Sacramento, California

Dear Bob:

Subsequent to Ranger Peterson's recent phone calls with you and Colusa County about the urgency of removing Letts bog, the county has asked us to get them an estimate of the cost of doing the job.

We are trying to help on this by getting the county in touch with a contractor who is doing a much larger lake-clearance job at Lake Pillsbury. *Don Higgins*

We surely hope, however, that you and the county will not let the accomplishment await our securing of a cost estimate for you. The bog is an even more immediate hazard to the dam since last week's wind cut it adrift.

I called Disney on 9/30  
B. of Sup have one bid for \$5000  
but have taken no action.  
Disney is trying to get additional bids

Sincerely yours,

RICHARD R. MILLAR  
Forest Supervisor

*John Ely called county 9/27  
this is getting bids + working on it  
- call county on Wed.*

To : R M.

9/30

I called Bill Draney (?) Colusa  
County Agriculture Commissioner in regard  
to Letts Lake bog removal.

As of 9/30 the Board of Sup.  
have one bid for about \$ 5,000  
but have taken no action
