Robert Dasmann, Forest Supervisor
U. S. Forest Service
Mendocino National Forest
Willows, California

Dear Mr. Dasmann:

The Engineering Section of the Department of Fish and Game is now studying your proposed recreational project on Letts Creek, Colusa County. As soon as a feasibility report and cost estimates are prepared, it is planned to submit the project to the Wildlife Conservation Board for consideration.

Mr. Everett Horn, Consultant for the Board, and I would very much like to visit Letts Creek prior to the time a request is made for Board funds. We would like to discuss the proposed development with you on the project site. Would it be possible for you to accompany Mr. Horn, Don Kelley, and myself on a trip to the Letts Creek area on October 25, 1957? If such a trip meets with your approval, we would plan to be at your office in Willows at about 10 A.M. If this time conflicts with your schedule, we would be happy if you would suggest a more suitable time for you in late October or early November.

Yours very truly,

George H. Warner
Fisheries Management Supervisor

Dear Mr. Warner:

I shall be pleased to meet you, Mr. Horn and Mr. Kelley at 10:00 a.m.
on October 25 at my office in Willows.

Inasmuch as it takes about two hours to get to Letts Valley from here I
suggest you bring a sandwich with you so we can eat at the project.

Very truly yours,

Robert E. Dasmann

Mr. Robert E. Dasmann,
Forest Supervisor
Mendocino National Forest
P. O. Box 770
Willows, California

Dear Mr. Dasmann:

Mr. Warner asked me to write to you regarding the proposed meeting on the Upper Letts Valley project.

He feels that there is no point in meeting as originally planned. Several of our Region II personnel met with Mr. Horn and Mr. Nesbitt of the Wildlife Conservation Board, and it was decided that we would attend a regular meeting of the County Board of Supervisors and talk to them regarding the maintenance of the dam.

We will contact you at your office regarding the maintenance of the campground.

Yours very truly,

Terence Potter
Fisheries Manager I
