[Law Enforcement Transfer Opportunities Post and Bid](#)

HOW TO APPLY (OPEN POSITIONS): Complete application packages (including your Examination/Employment Application (STD 678) and applicable or required documents) must be submitted to apply for a Job Posting. Application Packages may be submitted electronically through your CalCareers Account at www.jobs.ca.gov. If you choose not to apply electronically, a hard copy application package may be submitted by mail to: **Department of Fish and Wildlife HR, Attn: Classification and Recruitment Unit**. Please indicate the classification and position number in the 'EXAMINATION(S) OR JOB TITLE(S) FOR WHICH YOU ARE APPLYING' section of your application, failure to provide this information may result in elimination from the hiring process.

PLEASE NOTE: APPLICATIONS FOR ALL POSITIONS IN THIS BULLETIN MUST BE POSTMARKED OR RECEIVED BY THE FINAL FILING DATE (FFD) INDICATED. Applications may be filed in person but must be received by the close of business of the FFD. Applications received after the FFD will not be considered. A notation or reference on the application to other materials, such as "see attached resume", will not be considered. For more information, please contact careers@wildlife.ca.gov. All appointments are subject to State Restrictions of Appointment (SROA) procedures.

Fish and Wildlife Technician

Final Filing Date: Until Filled

Contact: Talmadge Robinson at Talmadge.robinson@wildlife.ca.gov

Location: San Joaquin and Solano County

Comments: Under the supervision of the Nutria Eradication Operations Supervisor, the incumbent will fill a critical role in the Department's Nutria Eradication Program. Nutria are highly invasive and extremely detrimental to the environment, but primarily nocturnal and relatively elusive in low densities. As part of a crew, the incumbent will conduct surveys to detect, locate, and trap nutria, with the ultimate goal of eradicating nutria from the State of California. The incumbent will conduct habitat suitability assessments, visual observation and camera surveys, trapping, nutria dispatch and necropsies, and electronic data collection (i.e., ESRI Collector smartphone application), as well as use baits and lures and communicate with local landowners. The incumbent is responsible for following spatial assignments and completing tasks according to project protocols. The incumbent will work with the Operations Supervisor and field crew leads to design, build, evaluate, and/or help refine detection and trapping methods and tools for the most effective and efficient detection and removal of nutria. Work includes answering routine questions from the public relative to Departmental nutria efforts. This position is physically demanding, but highly rewarding given the ultimate accomplishment of protecting California's wetlands, waterways, infrastructure, and agriculture from the devastation nutria have caused in other regions of North America.

RPA# E-FB 23-805

Fish and Wildlife Technician

Final Filing Date: July 2, 2024

Contact: Erin Ferguson at Erin.Ferguson@wildlife.ca.gov

Location: Yolo County

Comments Under the supervision of a Senior Environmental Scientist (Supervisory) and the lead of an Environmental Scientist, the incumbent will provide technical and office support for the Central Valley Angler Survey in the upper Sacramento River system.

The incumbent will equip, maintain, operate, repair, and assign project sport-utility vehicles, trucks, and vessels, including jet boats, drift boats, and kayaks, for angler survey work and other biological research activities in the Sacramento River system. Recommend project gear and equipment purchases, compile bids, and work with the Environmental Scientist, Senior Environmental Scientist (Supervisory), and Fisheries Branch administrative staff to complete purchases. Maintain all project vehicles and skiff logs. Perform semi-skilled tasks relating to the design, fabrication, operation, and maintenance of angler survey and other fisheries research sampling gear using common shop power tools such as saws and drills.

The incumbent will also assist the Environmental Scientist by training, directing, and mentoring seasonal staff in the safe use and maintenance of small boats used for collection of biological data in the Sacramento River anadromous and resident sport fisheries.

In addition, the incumbent will assist with QA/QC of incoming field data and associated biological samples and enter data into an established relational database and with field work relating to the collection of data from Sacramento River sport anglers.

RPA# E-R4 WA 23-022

Fish and Wildlife Technician

Final Filing Date: July 3, 2024

Contact: Sean Allen at Sean.Allen@wildlife.ca.gov

Location: Merced County

Comments: Under the supervision of the Sr. ES Supervisor, the incumbent assists with maintenance, enhancement and restoration of wildlife habitat, does repairs and maintenance of facilities and infrastructure, assists with public use opportunities and the public hunt program. Additionally, incumbent will act as lead person for seasonal employees in performing habitat restoration and maintenance activities on the wildlife area and in a hunter check station. Incumbent will service, maintain and operate vehicles and various tractors and farming Implements. Incumbent will write reports, collate public hunt data, and collect information and maintain accurate records on vehicle and tractor usage and herbicide use.

RPA# E-R3 WM 23-008

Wildlife Habitat Supervisor 1

Final Filing Date: June 29,2024

Contact: John Krause at John.Krause@wildlife.ca.gov

Location: Solano

Comments: Are you excited to be part of a dynamic and diverse team working to manage and restore habitat for wildlife in Northern California? The Department of Fish and Wildlife is seeking a motivated individual to work as the Wildlife Habitat Supervisor in the Bay Delta Region. This includes wildlife and habitat management, restoration and enhancement activities assisting our team region-wide. The job will include regular field work conducting habitat management on CDFW Un-Staffed Lands, including approximately 54,000 acres within BDR. Duties include: Working as a field-based lead staff to perform challenging activities that benefit Wildlife and DFW properties. Helping to conduct seasonal wildlife surveys and hunting programs. The position will lead and assist with habitat management, wildfire resiliency and fuel reduction projects, and facility and equipment operations and maintenance projects. Duties will include: maintaining infrastructure, equipment, and vehicles; implementing habitat projects; working hunter check stations; posting signs; vegetation management for wildfire resiliency; and interacting with the public. The incumbent will also work with and lead a Wildlife Habitat Assistant and numerous Fish and Wildlife Scientific Aids.

The following positions are vacant and subject to the Post and Bid provisions of the BU12 MOU. The Post and Bid form is available at <https://nrm.dfg.ca.gov/FileHandler.ashx?DocumentID=88533&inline> . Forms must be submitted by mail to: **Department of Fish & Wildlife HR, Attn: Classification and Recruitment Unit, P.O. Box 944209 Sacramento, CA 94244.** **Submit one form per position. We recommend that forms are sent certified mail as we are unable to verify receipt.** If additional information is needed, contact careers@wildlife.ca.gov.

Commitments to hire or promote are not valid and cannot be made until all final approvals are obtained.
