Classification: Fish and Wildlife Technician
Position Number: 565-481-0916-004
RPA: CR 21-025
Salary: $3571-$4639
Location: Merced County
Time Base: Perm/FT
Final File Date: June 6, 2022
Comments: Under the supervision of the Nutria Eradication Operations Supervisor, the incumbent will fill a critical role in the Department's Nutria Eradication Program. Nutria are highly invasive and extremely detrimental to the environment, but primarily nocturnal and relatively elusive in low densities. As part of a crew, the incumbent will conduct surveys to detect, locate, and trap nutria, with the ultimate goal of eradicating nutria from the State of California. The incumbent will conduct habitat suitability assessments, visual observation and camera surveys, trapping, nutria dispatch and necropsies, and electronic data collection (i.e., ESRI Collector smartphone application), as well as use baits and lures and communicate with local landowners. The incumbent is responsible for following spatial assignments and completing tasks according to project protocols. The incumbent will work with the Operations Supervisor and field crew leads to design, build, evaluate, and/or help refine detection and trapping methods and tools for the most effective and efficient detection and removal of nutria. Work includes answering routine questions from the public relative to Departmental nutria efforts. This position is physically demanding, but highly rewarding given the ultimate accomplishment of protecting California's wetlands, waterways, infrastructure, and agriculture from the devastation nutria have caused in other regions of North America.
