Dear Mr. McVien:

This is in reference to a telephone conversation between Bob Reavis and you on April 25, 1968, concerning water application #22946 on the Colusa Trough above the Colusa National Wildlife Refuge.

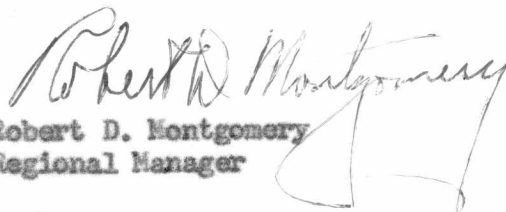

It is our understanding that you have a license to use 8 cubic feet per second of water from the Trough. If this is true, the problem appears to be primarily a legal one, since your agency has prior rights to water in the Trough. Therefore, we feel our mutual interests could best be served if our attorneys could meet on this matter. We are represented by Denis Smaage, Deputy Attorney General; his address is:

Wells Fargo Bank Building
5th Street and Capitol Mall
Sacramento, California 95814

Phone: 916 - 445-6118

I assume you will work directly with Mr. Smaage on this matter.
Thank you for your cooperation.

Sincerely,

Robert D. Montgomery
