Ms. Julie Ann Steidlmayer
4949 W. Butte Road
Live Oak CA 95953

Dear Ms. Steidlmayer:

The Department of Fish and Game has reviewed the application to the Reclamation Board (No. 1755-A) for a pump to divert from the Sacramento River, Colusa County.

The Sacramento River at the diversion site does support populations of salmon and steelhead. The proposed diversion would be deleterious to those resources through entrainment of young-of-the-year salmon and steelhead in the water diverted and through reduction in the nursery area downstream.

Under Section 6100 of the Fish and Game Code (copy attached), you are hereby notified that a fish screen will be needed on the proposed diversion. Would you please have your engineer contact our screen expert, Ted VandeSande at 1416 Ninth Street, Sacramento CA 95814, phone 916-445-1383 to discuss specifications for a fish screen.

Sincerely,
