Re: License 3165 (Application 27)

Dear Ernie:

This is to confirm our recent telephone conversation that Mr. Lee Otterson has determined that the Department of Fish and Game's requirements for fish screens make the relocation of his pumping plant infeasible and that he will have to continue to utilize the existing pumping plant to the extent possible. Mr. Otterson therefore has requested that Reclamation District 1004 withdraw its petition to move Point of Diversion No. 2 under License 3165.

Thank you for your patience in this matter.

Sincerely,

D. E. Kienlen
